

Benefits of Buying Ehrenholz Beef

The four main benefits of buying Ehrenholz Beef are as follows:

1. High Quality Meat
2. Savings on Your Grocery Bill
3. Premium Cuts for a Low Price
4. Support the Local Economy

High Quality Meat

We have consistently heard from our customers that our beef is delicious! We raise our beef to a high standard of quality. It is tender and has a moderate amount of fat and marbling. Best of all, we can tell you exactly what goes into the production of our beef, and why we trust that our cattle are healthy, and that our beef is safe to eat.

Savings on Your Grocery Bill

As you can see in the cost comparison on the next page, it would cost significantly more money to buy the same amount of meat, in the same cuts, from the grocery store, compared to buying it direct from Ehrenholz Farms. In fact, you can save 40% on the cost of beef! You might argue that you could save a lot of money by simply buying the cheaper cuts of meat from the grocery store. Unless you plan to live on hamburger, it is still more cost effective to buy Ehrenholz Beef.

Premium Cuts for a Low Price

The great part about buying beef from Ehrenholz Farms is that you don't have to give up the premium cuts to save money! You can get a fancy tenderloin steak for the same low price as hamburger if you buy from us! You can see in the cost comparison in the next page an example of the type (and amount) of cuts you would get from a half beef. If you want to know about a mixed quarter, simply divide the amounts of the cuts in two.

Cost Comparison for 280 lbs of Beef, December 2016						
Cut	# Roasts/Steaks/ Packages	lbs	Market \$/lb	Direct \$/lb	Total Cost Market	Total Cost Direct
Hamburger	38 2-lb packages	76	\$ 4.31	\$ 4.84	\$ 327.24	\$ 367.87
